

Uniden

ADD UNIDEN SOLO CAMERA TO UNIDEN SOLO PC/MAC CLIENT

Adding Device to Uniden Solo Client

1. Click Add Device.

2. Fill in the blanks with the UID of your camera and the camera password to add the device.

The 'Add Device' dialog box is shown. It has a 'Devices Search' section on the left with a large empty text area and a 'Search' button. The 'Device Message' section on the right contains the following fields: 'Name' (My Device), 'Type' (UID), 'UID' (highlighted with a red box and the number 2), and 'Port' (9000). Below these is the 'Login Message' section with 'Username' (admin) and 'Password' (highlighted with a red box and the number 3). At the bottom, there are 'Cancel' and 'OK' buttons. A message 'Search devices failed.' is displayed at the bottom left.
