80 UHF Narrowband Channels*:

Choose from up to 80 frequencies to transmit and receive messages.

5 Watt Maximum TX Output Power: Maximum transmit power.

Waterproof:[^] Meets the world standard IPX7/JIS7. Being defined as having no ingress of water when immersed at 1 metre for 30 minutes.

Long Life Super Switch: Select high or low RF output power to extend your battery power supply.

Range Extender (Duplex) Capability:

Allows the UH750 to operate via a local repeater station, if available, which re-transmits your signal over a wider area. Up to an extra 30-100km depending on location, height and availability of local repeater station.

Rapid Scan: Scans channels faster than other typical UHF handheld radios.

VOX Hands Free Capable:

Hands free operation using the UH750 is possible with its Voice Activated Circuitry and the optional headset microphone.

Interference Eliminator (CTCSS):

Block out unwanted conversations.

Backlit Keypad and LCD Display:

The keypad and Liquid Crystal Display (LCD) is backlit for easy viewing at night or in low light situations.

Auto Battery Save: Allows the UH750 to automatically save and conserve power when not in use.

Open Scan: This scan mode scans all channels in memory and locks on to any active channels.

Group Scan: This scan mode allows the user to select the channels they wish to monitor/listen to in a group, along with a priority channel (priority watch).

Battery Level Indicator: Allows you to see the level of power left in the UH750 batteries.

Busy Channel Lockout Function: Disables your transmitter while activity is detected on the channel.

Roger Beep: Confirmation tone indicates the completion of your transmission.

Keypad Lock: Prevents accidental entries by disabling key changes (except PTT).

Rubber Grips/Seal and Built-in Headset Jack.

**Designed & Engineered in Japan
Built Rugged for Australian and New Zealand Conditions with its Metal Alloy Casing**

* Please note: CH 22 & 23 are used for telemetry and telecommand applications. voice communications are not permitted on these channels and transmission is inhibited. CH 61, 62 & 63 are for future use and are receive only channels.

[^] Waterproof: Meets the world standard IPX7/JIS7. Being defined as having no ingress of water when immersed at 1 metre for 30 minutes. All accessories including the speaker microphone are not waterproof.

17km: Typical Range Line of Sight.

† Operating time (in hours) based on 5% transmitting, 5% receiving and 90% waiting mode using low output power with Lithium-Ion batteries supplied with Auto Battery Save on.

Δ 1 year warranty on included accessories. Specifications subject to change without notice.
